BUYING GUIDE

91 **Crinella 2006 Sauvignon Blanc (Russian River Valley); \$22.** What's so interesting about this wine is the savory minerality, racy acidity and extreme dryness that make it completely different from 99% of the Sauvignon Blancs in California. It's not without fruit. You'll find mouthwatering Meyer lemons, sweet Kaffir limes and spicy figs. Just beautiful, and a real sommelier's wine. *Editors' Choice.*
